Bonding towards Skillful & Artistic Creations

## **MANGALMURTI ENGINEERING**

Fabricators & Industrial  
Traders

It is great pleasure to introduce ourselves as a Multitask Engineering Unit, located in the vicinity of Chakan and Rajgurunagar.

M/s. Mangalmurti Engineering, established in 1991 and now grown up and became a full-fledged plant which can handle large fabrication jobs and turn-key projects. Handling jobs at off site as well as on site is our specialty.

With Experience of more than 24 years in the field of engineering and fabrication, the unit has a yearly turnover of around hundred lakhs. We are providing our services to all industrial units, government organizations, construction units, individuals, depending on their requirement. We are proud of our more than twenty five regular esteemed customers in addition to hundreds of customers, who have been using our services presently.

Our firm belief and workmanship lies in qualities, which satisfy our valued customers. Timely commitment, assured after sales service, regular follow-up are our basic principles, which ensured our growth constantly. For other detailed information, please refer our profile enclosed to this letter.

We hope that by interacting with us in any business relations will be gainful to your organization.

**Staff** - Quality of the product or services of a company maintained by its staff. We have skilled and experienced team of 10 members with us. We treat our staff as our asset. We facilitate them with Workman Compensation policy, provident fund, accommodation and most important that salary more than the basic slab defined by government rules.

**Products** - We undertake design and development of all kinds of Fabrication work. As per customer's requirements we carry out powder coating jobs too. The following products have been designed, developed and supplied to our customers.
